Financial Highlights

Tactical Advantage ETF

For a share outstanding throughout the periods presented

	Year ended March 31, 2025	Period ended March 31, 2024 ^(a)
PER SHARE DATA:		
Net asset value, beginning of period	\$22.12	\$20.00
INVESTMENT OPERATIONS:		
Net investment income ^{(b)(c)}	0.33	0.60
Net realized and unrealized gain (loss) on investments ^(d)	0.39	1.85
Total from investment operations	0.72	2.45
LESS DISTRIBUTIONS FROM:		
Net investment income	(1.89)	(0.33)
Total distributions	(1.89)	(0.33)
Net asset value, end of period	\$20.95	\$22.12
TOTAL RETURN^(e)	3.23%	12.35%
SUPPLEMENTAL DATA AND RATIOS:		
Net assets, end of period (in thousands)	\$31,426	\$26,324
Ratio of expenses to average net assets ^{(f)(g)}	0.64%	0.64%
Ratio of net investment income (loss) to average net assets ^{(c)(f)}	1.50%	3.13%
Portfolio turnover rate ^{(e)(h)}	823%	690%

(a) Inception date of the Fund was April 19, 2023.

(b) Net investment income per share has been calculated based on average shares outstanding during each of the periods.

(c) Recognition of net investment income by the Fund is affected by the timing of the declaration of dividends by the underlying exchange traded funds in which the Fund invests. The ratio does not include net investment income of the exchange traded funds in which the Fund invests.

(d) Realized and unrealized gains and losses per share in the caption are balancing amounts necessary to reconcile the change in net asset value per share for the periods, and may not reconcile with the aggregate gains and losses in the Statement of Operations due to share transactions for the periods.

(e) Not annualized for periods less than one year.

(f) Annualized for periods less than one year.

(g) These ratios exclude the impact of expenses of the underlying exchange traded funds as represented in the Schedule of Investments.

(h) Portfolio turnover rate excludes in-kind transactions.

The accompanying notes are an integral part of these financial statements.

March 31, 2025

NOTE 1 – ORGANIZATION

The Tactical Advantage ETF (the “Fund”) is a diversified series of Tidal Trust II (the “Trust”). The Trust was organized as a Delaware statutory trust on January 13, 2022. The Trust is registered with the Securities and Exchange Commission (“SEC”) under the Investment Company Act of 1940, as amended (the “1940 Act”), as an open-end management investment company and the offering of the Fund’s shares (“Shares”) is registered under the Securities Act of 1933, as amended. The Trust is governed by the Board of Trustees (the “Board”). Tidal Investments LLC (“Tidal” or the “Adviser”), a Tidal Financial Group company, serves as investment adviser to the Fund and Family Dynasty Advisors LLC (the “Sub-Adviser”), serves as investment sub-adviser to the Fund. The Fund is an investment company and accordingly follows the investment company accounting and reporting guidance of the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification Topic 946 “Financial Services – Investment Companies”. The Fund commenced operations on April 19, 2023.

The investment objective of the Fund is to seek long-term capital appreciation. The Fund is an actively managed “fund-of-ETFs.” The Sub-Adviser invests the Fund’s assets in ETFs that are listed on U.S. stock exchanges (the “Underlying ETFs”). The Fund will invest in Underlying ETFs that primarily invest in U.S. equity securities or 50% of ETF invested in short-term Government ETF.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies consistently followed by the Fund. These policies are in conformity with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

- A. *Security Valuation.* Equity securities that are listed on a securities exchange, market or automated quotation system for which quotations are readily available (except for securities traded on the Nasdaq Stock Market, LLC (“NASDAQ”)), including securities traded over-the-counter, are valued at the last quoted sale price on the primary exchange or market (foreign or domestic) on which they are traded on the valuation date (or at approximately 4:00 p.m. EST if a security’s primary exchange is normally open at that time), or, if there is no such reported sale on the valuation date, at the most recent quoted bid price or mean between the most recent quoted bid and ask prices for long and short positions. For a security that trades on multiple exchanges, the primary exchange will generally be considered the exchange on which the security is generally most actively traded. For securities traded on NASDAQ, the NASDAQ Official Closing Price will be used. Prices of securities traded on the securities exchange will be obtained from recognized independent pricing agents each day that the Fund is open for business.

Under Rule 2a-5 of the 1940 Act, a fair value will be determined for securities for which quotations are not readily available by the Valuation Designee (as defined in Rule 2a-5) in accordance with the Pricing and Valuation Policy and Fair Value Procedures, as applicable, of the Adviser, subject to oversight by the Board. When a security is “fair valued,” consideration is given to the facts and circumstances relevant to the particular situation, including a review of various factors set forth in the Adviser’s Pricing and Valuation Policy and Fair Value Procedures, as applicable. Fair value pricing is an inherently subjective process, and no single standard exists for determining fair value. Different funds could reasonably arrive at different values for the same security. The use of fair value pricing by a fund may cause the net asset value (“NAV”) of its shares to differ significantly from the NAV that would be calculated without regard to such considerations.

As described above, the Fund utilizes various methods to measure the fair value of its investments on a recurring basis. U.S. GAAP establishes a hierarchy that prioritizes inputs to valuation methods. The three levels of inputs are:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities that the Fund has the ability to access.

Level 2 – Observable inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.

Level 3 – Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available; representing the Fund’s own assumptions about the assumptions a market participant would use in valuing the asset or liability and would be based on the best information available.

March 31, 2025

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety, is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The following is a summary of the inputs used to value the Fund's investments as of March 31, 2025:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>Investments:</u>				
Exchange Traded Funds	\$ 30,256,075	\$ –	\$ –	\$ 30,256,075
Money Market Funds	1,533,591	–	–	1,533,591
Total Investments	<u>\$ 31,789,666</u>	<u>\$ –</u>	<u>\$ –</u>	<u>\$ 31,789,666</u>

- B. *Federal Income Taxes.* The Fund has elected to be taxed as a regulated investment company (“RIC”) and intends to distribute substantially all taxable income to its shareholders and otherwise comply with the provisions of the Internal Revenue Code applicable to RICs. Therefore, no provision for federal income taxes or excise taxes has been made.

In order to avoid imposition of the excise tax applicable to regulated investment companies, the Fund intends to declare as dividends in each calendar year at least 98% of its net investment income (earned during the calendar year) and at least 98.2% of its net realized capital gains (earned during the twelve months ended October 31) plus undistributed amounts, if any, from prior years. As a RIC, the Fund is subject to a 4% excise tax that is imposed if the Fund does not distribute by the end of any calendar year at least the sum of (i) 98% of its ordinary income (not taking into account any capital gain or loss) for the calendar year and (ii) 98.2% of its capital gain in excess of its capital loss (adjusted for certain ordinary losses) for a one year period generally ending on October 31 of the calendar year (unless an election is made to use the Fund's fiscal year). The Fund generally intends to distribute income and capital gains in the manner necessary to minimize (but not necessarily eliminate) the imposition of such excise tax. The Fund may retain income or capital gains and pay excise tax when it is determined that doing so is in the best interest of shareholders. Management evaluates the costs of the excise tax relative to the benefits of retaining income and capital gains, including that such undistributed amounts (net of the excise tax paid) remain available for investment by the Fund and are available to supplement future distributions. Tax expense is disclosed in the Statement of Operations, if applicable.

As of March 31, 2025, the Fund did not have any tax positions that did not meet the threshold of being sustained by the applicable tax authority. Generally, tax authorities can examine all the tax returns filed for the last three years. The Fund identifies its major tax jurisdiction as U.S. Federal and the Commonwealth of Delaware; however, the Fund is not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will change materially. The Fund recognizes interest and penalties, if any, related to unrecognized tax benefits on uncertain tax positions as income tax expense in the Statement of Operations.

- C. *Securities Transactions and Investment Income.* Investment securities transactions are accounted for on the trade date. Gains and losses realized on sales of securities are determined on a specific identification basis. Discounts/premiums on debt securities purchased are accreted/amortized over the life of the respective securities using the effective interest method. Dividend income is recorded on the ex-dividend date. Interest income is recorded on an accrual basis. Other non-cash dividends are recognized as investment income at the fair value of the property received. Withholding taxes on foreign dividends have been provided for in accordance with the Fund's understanding of the applicable country's tax rules and rates.
- D. *Distributions to Shareholders.* Distributions to shareholders from net investment income, if any, for the Fund are declared and paid at least annually. Distributions to shareholders from net realized gains on securities, if any, for the Fund normally are declared and paid at least annually. Distributions are recorded on the ex-dividend date.

March 31, 2025

- E. *Use of Estimates.* The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets from operations during the reporting period. Actual results could differ from those estimates.
- F. *Share Valuation.* The NAV per Share is calculated by dividing the sum of the value of the securities held by the Fund, plus cash or other assets, minus all liabilities by the total number of shares outstanding for the Fund, rounded to the nearest cent. Fund shares will not be priced on the days on which the NYSE Arca, Inc. is closed for trading.
- G. *Guarantees and Indemnifications.* In the normal course of business, the Fund enters into contracts with service providers that contain general indemnification clauses. The Fund's maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Fund that have not yet occurred. However, based on experience, the Fund expects the risk of loss to be remote.
- H. *Reclassification of Capital Accounts.* U.S. GAAP requires that certain components of net assets relating to permanent differences be reclassified between financial and tax reporting. These reclassifications are primary due to adjustments for redemptions in-kind. These reclassifications have no effect on net assets or NAV per share. For the year ended March 31, 2025, the following reclassification adjustments were made:

Paid-In Capital	Total Accumulated Losses
\$6,136	\$(6,136)

During the year ended March 31, 2025, the Fund realized \$6,136 in net capital gains resulting from in-kind redemptions, in which Authorized Participants exchanged Fund shares for securities held by the Fund rather than for cash. Because such gains are not taxable to the Fund, and are not distributed to shareholders, they have been reclassified from distributable earnings to paid-in capital.

- I. *Illiquid Securities.* Pursuant to Rule 22e-4 under the 1940 Act, the Fund has adopted a Board-approved Liquidity Risk Management Program (the "Program") that requires, among other things, that the Fund limit its illiquid investments that are assets to no more than 15% of the value of the Fund's net assets. An illiquid investment is any security that the Fund reasonably expects cannot be sold or disposed of in current market conditions in seven calendar days or less without the sale or disposition significantly changing the market value of the investment. If the Fund should be in a position where the value of illiquid investments held by the Fund exceeds 15% of the Fund's net assets, the Fund will take such steps as set forth in the Program.

NOTE 3 – PRINCIPAL INVESTMENT RISKS

Underlying ETFs Risks. The Fund will incur higher and duplicative expenses because it invests in Underlying ETFs. There is also the risk that the Fund may suffer losses due to the investment practices of the Underlying ETFs. The Fund will be subject to substantially the same risks as those associated with the direct ownership of securities held by the Underlying ETFs. Additionally, the market price of the shares of an Underlying ETF in which the Fund invests will fluctuate based on changes in the net asset value as well as changes in the supply and demand of its shares in the secondary market. It is also possible that an active secondary market for an Underlying ETF's shares may not develop, and market trading in the shares of the Underlying ETF may be halted under certain circumstances.

Models and Data Risk. The composition of the Fund's portfolio is heavily dependent on proprietary investment models as well as information and data supplied by third parties ("Models and Data"). When Models and Data prove to be incorrect or incomplete, any decisions made in reliance thereon may lead to the inclusion or exclusion of securities from the Fund's portfolio that would have been excluded or included had the Models and Data been correct and complete. Any errors in the underlying data sources, data entry or database may result in the Fund acquiring or selling investments based on incorrect information. When data proves to be incorrect, misleading, flawed or incomplete, any decisions made in reliance thereon expose the Fund to potential risks. For example, by relying on such data the Sub-Adviser may be induced to buy or sell certain investments it would not have if the data was correct. As a result, the Fund could incur losses or miss out on gains on such investments before the errors are identified and corrected.

March 31, 2025

Market Capitalization Risk. These risks apply to the extent the Underlying ETFs in which the Fund invests hold securities of large-, mid- and small-capitalization companies.

- *Large-Capitalization Investing.* The securities of large-capitalization companies may be relatively mature compared to smaller companies and therefore subject to slower growth during times of economic expansion. Large-capitalization companies may also be unable to respond quickly to new competitive challenges, such as changes in technology and consumer tastes.
- *Mid-Capitalization Investing.* The securities of mid-capitalization companies may be more vulnerable to adverse issuer, market, political, or economic developments than securities of large-capitalization companies. The securities of mid-capitalization companies generally trade in lower volumes and are subject to greater and more unpredictable price changes than large-capitalization stocks or the stock market as a whole.
- *Small-Capitalization Investing.* The securities of small-capitalization companies may be more vulnerable to adverse issuer, market, political, or economic developments than securities of large- or mid-capitalization companies. The securities of small-capitalization companies generally trade in lower volumes and are subject to greater and more unpredictable price changes than large- or mid-capitalization stocks or the stock market as a whole. There is typically less publicly available information concerning smaller-capitalization companies than for larger, more established companies.

As with any investment, there is a risk that you could lose all or a portion of your principal investment in the Fund. The Fund is subject to the above principal risks, as well as other principal risks which may adversely affect the Fund's NAV, trading price, yield, total return and/or ability to meet its objective. For more information about the risks of investing in the Fund, see the section in the Fund's Prospectus titled "Additional Information About the Fund — Principal Investment Risks."

NOTE 4 – COMMITMENTS AND OTHER RELATED PARTY TRANSACTIONS

The Adviser serves as investment adviser to the Fund pursuant to an investment advisory agreement between the Adviser and the Trust, on behalf of the Fund (the "Advisory Agreement"), and, pursuant to the Advisory Agreement, provides investment advice to the Fund and oversees the day-to-day operations of the Fund, subject to the direction and oversight of the Board. The Adviser is also responsible for trading portfolio securities for the Fund, including selecting broker-dealers to execute purchase and sale transactions, subject to the supervision of the Board. The Adviser provides oversight of the Sub-Adviser and review of the Sub-Adviser's performance.

Pursuant to the Advisory Agreement, the Fund pays the Adviser a unitary management fee (the "Investment Advisory Fee") based on the average daily net assets of the Fund at the annualized rate of 0.64%. Out of the Investment Advisory Fee, the Adviser is obligated to pay or arrange for the payment of substantially all expenses of the Fund, including the cost of sub-advisory, transfer agency, custody, fund administration, and all other related services necessary for the Fund to operate. Under the Advisory Agreement, the Adviser has agreed to pay, or require the Sub-Adviser to pay, all expenses incurred by the Fund except for interest charges on any borrowings, dividends and other expenses on securities sold short, taxes, brokerage commissions and other expenses incurred in placing orders for the purchase and sale of securities and other investment instruments, acquired fund fees and expenses, accrued deferred tax liability, extraordinary expenses, distribution fees and expenses paid by the Fund under any distribution plan adopted pursuant to Rule 12b-1 under the 1940 Act (collectively, "Excluded Expenses"), and the Investment Advisory Fee payable to the Adviser. The Investment Advisory Fees incurred are paid monthly to the Adviser. Investment Advisory Fees for the year ended March 31, 2025 are disclosed in the Statement of Operations.

The Sub-Adviser serves as investment sub-adviser to the Fund, pursuant to a sub-advisory agreement between the Adviser and the Sub-Adviser with respect to the Fund (the "Sub-Advisory Agreement"). Pursuant to the Sub-Advisory Agreement, the Sub-Adviser is responsible for the day-to-day management of the Fund's portfolio, including determining the securities purchased and sold by the Fund, subject to the supervision of the Adviser and the Board. The Sub-Adviser is paid a fee by the Adviser, which is calculated daily and paid monthly, at an annual rate of 0.04% of the Fund's average daily net assets (the "Sub-Advisory Fee"). The Sub-Adviser has agreed to assume the Adviser's obligation to pay all expenses incurred by the Fund except for Excluded Expenses. For assuming the payment obligations for the Fund, the Adviser has agreed to pay to the Sub-Adviser the profits, if any, generated by the Fund's Investment Advisory Fees, less a contractual fee retained by the Adviser. Expenses incurred by the Fund and paid by the Sub-Adviser include fees

March 31, 2025

charged by Tidal (defined below), which is an affiliate of the Adviser.

Tidal ETF Services LLC ("Tidal"), a Tidal Financial Group company and an affiliate of the Adviser, serves as the Fund's administrator and, in that capacity, performs various administrative and management services for the Fund. Tidal coordinates the payment of Fund-related expenses and manages the Trust's relationships with its various service providers. As compensation for the services it provides, Tidal receives a fee based on the Fund's average daily net assets, subject to a minimum annual fee. Tidal also is entitled to certain out-of-pocket expenses for the services mentioned above.

U.S. Bancorp Fund Services, LLC, doing business as U.S. Bank Global Fund Services ("Fund Services"), serves as the Fund's sub-administrator, fund accountant and transfer agent. In those capacities, Fund Services performs various administrative and accounting services for the Fund. Fund Services prepares various federal and state regulatory filings, reports and returns for the Fund, including regulatory compliance monitoring and financial reporting; prepares reports and materials to be supplied to the Board; and monitors the activities of the Fund's custodian. U.S. Bank N.A. (the "Custodian"), an affiliate of Fund Services, serves as the Fund's custodian.

Foreside Fund Services, LLC (the "Distributor") acts as the Fund's principal underwriter in a continuous public offering of the Fund's shares.

Certain officers and a trustee of the Trust are affiliated with the Adviser. Neither the affiliated trustee nor the Trust's officers receive compensation from the Fund.

The Board has adopted a Distribution (Rule 12b-1) Plan (the "Plan") pursuant to Rule 12b-1 under the 1940 Act. In accordance with the Plan, the Fund is authorized to pay an amount up to 0.25% of its average daily net assets each year to pay distribution fees for the sale and distribution of its Shares. No Rule 12b-1 fees are currently paid by the Fund, and there are no plans to impose these fees. However, in the event Rule 12b-1 fees are charged in the future, because the fees are paid out of the Fund's assets on an ongoing basis, over time these fees will increase the cost of your investment and may cost you more than certain other types of sales charges.

NOTE 5 – SEGMENT REPORTING

In accordance with the FASB Accounting Standards Update (ASU) 2023-07, Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures, the Fund has evaluated its business activities and determined that it operates as a single reportable segment.

The Fund's investment activities are managed by the Adviser, which serves as the Chief Operating Decision Maker ("CODM"). The Adviser is responsible for assessing the Fund's financial performance and allocating resources. In making these assessments, the Adviser evaluates the Fund's financial results on an aggregated basis, rather than by separate segments. As such, the Fund does not allocate operating expenses or assets to multiple segments, and accordingly, no additional segment disclosures are required. There were no intra-entity sales or transfers during the reporting period.

The Fund primarily generates income through dividends, interest, and realized/unrealized gains on its investment portfolio. Expenses incurred, including management fees, fund operating expenses, and transaction costs, are considered general fund-level expenses and are not allocated to specific segments or business lines.

Management has determined that the Fund does not meet the criteria for disaggregated segment reporting under ASU 2023-07 and will continue to evaluate its reporting requirements in accordance with applicable accounting standards.

NOTE 6 – PURCHASES AND SALES OF SECURITIES

For the year ended March 31, 2025, the cost of purchases and proceeds from the sales or maturities of securities, excluding short-term investments, U.S. government securities, and in-kind transactions were \$229,183,098 and \$231,390,621, respectively.

For the year ended March 31, 2025, there were no purchases or sales of long-term U.S. government securities.

For the year ended March 31, 2025, in-kind transactions associated with creations and redemptions for the Fund were \$6,876,826 and \$362,675, respectively.

March 31, 2025

NOTE 7 – INCOME TAXES AND DISTRIBUTIONS TO SHAREHOLDERS

The tax character of distributions paid during the fiscal year ended March 31, 2025 and the prior fiscal period ended March 31, 2024, were as follows:

<u>Distributions paid from:</u>	<u>March 31, 2025</u>	<u>March 31, 2024</u>
Ordinary Income	\$ 2,513,316	\$ 371,792

As of the fiscal year ended March 31, 2025, the components of distributable earnings on a tax basis were as follows:

Investments, at cost ^(a)	<u>\$31,754,788</u>
Gross tax unrealized appreciation	188,578
Gross tax unrealized depreciation	<u>(153,700)</u>
Net tax unrealized appreciation (depreciation)	<u>34,878</u>
Undistributed ordinary income (loss)	552,880
Undistributed long-term capital gain (loss)	<u>47</u>
Total distributable earnings	<u>552,927</u>
Other accumulated gain (loss)	<u>—</u>
Total accumulated gain (loss)	<u>\$587,805</u>

^(a) The difference between book and tax-basis unrealized appreciation is primarily due to the treatment of wash sales.

Net capital losses incurred after October 31 (post-October losses) and net investment losses incurred after December 31 (late-year losses), and within the taxable year, may be elected to be deferred to the first business day of the Fund's next taxable year. As of the most recent fiscal year ended March 31, 2025, the Fund did not elect to defer any post-October losses or late-year losses.

As of the most recent fiscal year ended March 31, 2025, the Fund did not have long-term or short-term capital loss carryovers and utilized \$489,776 of short-term capital loss carryover.

NOTE 8 – SHARES TRANSACTIONS

Shares of the Fund are listed and traded on the NYSE Arca, Inc. Market prices for the shares may be different from their NAV. The Fund issues and redeems shares on a continuous basis at NAV generally in large blocks of shares, called Creation Units. Creation Units are issued and redeemed principally in-kind for securities included in a specified universe. Once created, shares generally trade in the secondary market at market prices that change throughout the day. Except when aggregated in Creation Units, shares are not redeemable securities of the Fund. Creation Units may only be purchased or redeemed by Authorized Participants. An Authorized Participant is either (i) a broker-dealer or other participant in the clearing process through the Continuous Net Settlement System of the National Securities Clearing Corporation or (ii) a Depository Trust Company participant and, in each case, must have executed a Participant Agreement with the Distributor. Most retail investors do not qualify as Authorized Participants nor have the resources to buy and sell whole Creation Units. Therefore, they are unable to purchase or redeem the shares directly from the Fund. Rather, most retail investors may purchase shares in the secondary market with the assistance of a broker and are subject to customary brokerage commissions or fees.

The Fund currently offers one class of shares, which has no front-end sales load, no deferred sales charge, and no redemption fee. A fixed transaction fee is imposed for the transfer and other transaction costs associated with the purchase or sale of Creation Units. The standard fixed transaction fee for the Fund is \$300, payable to the Custodian. The fixed transaction fee may be waived on certain orders if the Fund's Custodian has determined to waive some or all of the costs associated with the order or another party, such as the Adviser,

March 31, 2025

has agreed to pay such fee. In addition, a variable fee may be charged on all cash transactions or substitutes for Creation Units and Redemption Units of up to a maximum of 2% of the value of the Creation Units and Redemption Units subject to the transaction. Variable fees are imposed to compensate the Fund for transaction costs associated with the cash transactions. Variable fees received by the Fund, if any, are disclosed in the capital shares transactions section of the Statements of Changes in Net Assets. The Fund may issue an unlimited number of shares of beneficial interest, with no par value. All shares of the Fund have equal rights and privileges.

NOTE 9 – RECENT MARKET EVENTS

U.S. and international markets have experienced and may continue to experience significant periods of volatility in recent years and months due to a number of economic, political and global macro factors including uncertainty regarding inflation and central banks' interest rate changes, the possibility of a national or global recession, trade tensions and tariffs, political events, armed conflict, war, and geopolitical conflict. These developments, as well as other events, could result in further market volatility and negatively affect financial asset prices, the liquidity of certain securities and the normal operations of securities exchanges and other markets, despite government efforts to address market disruptions. As a result, the risk environment remains elevated. The Adviser will monitor developments and seek to manage the Fund in a manner consistent with achieving the Fund's investment objective, but there can be no assurance that they will be successful in doing so.

NOTE 10 – SUBSEQUENT EVENTS

In preparing these financial statements, management has evaluated events and transactions for potential recognition or disclosure through the date the financial statements were issued. Management has determined that there are no subsequent events that would need to be recognized or disclosed in the Fund's financial statements.

To the Shareholders of Tactical Advantage ETF and
Board of Trustees of Tidal Trust II

Opinion on the Financial Statements

We have audited the accompanying statement of assets and liabilities, including the schedule of investments, of Tactical Advantage ETF (the “Fund”), a series of Tidal Trust II, as of March 31, 2025, the related statement of operations for the year then ended, the statements of changes in net assets and the financial highlights for the year then ended and for the period from April 19, 2023 (commencement of operations) through March 31, 2024, and the related notes (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Fund as of March 31, 2025, the results of its operations, the changes in net assets, and the financial highlights for the periods indicated above, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Fund’s management. Our responsibility is to express an opinion on the Fund’s financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Fund in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement whether due to error or fraud.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of March 31, 2025, by correspondence with the custodian and brokers. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

We have served as the auditor of one or more of Tidal Investment LLC investment companies since 2020.

QUALIFIED DIVIDEND INCOME/DIVIDENDS RECEIVED DEDUCTION

For the year ended March 31, 2025, certain dividends paid by the Fund may be subject to a maximum tax rate of 23.8%, as provided for by the Jobs and Growth Tax Relief Reconciliation Act of 2003 and the Tax Cuts and Jobs Act of 2017. The percentage of dividends declared from ordinary income designated as qualified dividend income was as follows:

Tactical Advantage ETF	6.65%
------------------------	-------

For corporate shareholders, the percent of ordinary income distributions qualifying for the corporate dividends received deduction for the year ended March 31, 2025, was as follows:

Tactical Advantage ETF	0.35%
------------------------	-------

The percentage of taxable ordinary income distributions that are designated as short-term capital gain distributions under Internal Revenue Section 871(k)(2)(c) for the year ended March 31, 2025, was as follows:

Tactical Advantage ETF	76.85%
------------------------	--------

Form N-CSR Items 8-11

Item 8. Changes in and Disagreements with Accountants for Open-End Investment Companies.

There have been no changes in or disagreements with the Fund's accountants.

Item 9. Proxy Disclosure for Open-End Investment Companies.

There were no matters submitted to a vote of shareholders during the period covered by the report.

Item 10. Remuneration Paid to Directors, Officers, and Others of Open-End Investment Companies.

See Item 7(a). Under the Investment Advisory Agreement, in exchange for a single unitary management fee from the Fund, the Adviser has agreed to pay all expenses incurred by the Fund, including Trustee compensation, except for certain excluded expenses.

Item 11. Statement Regarding Basis for Approval of Investment Advisory Contract.

Pursuant to Section 15(c) of the Investment Company Act of 1940 (the "1940 Act"), at a meeting held on August 12-13, 2024, the Board of Trustees (the "Board") of Tidal Trust II (the "Trust") considered the approval of the renewal of:

- the Investment Advisory Agreement (the "Advisory Agreement") between Tidal Investments LLC (the "Adviser") and the Trust, on behalf of the Tactical Advantage ETF (the "Tactical ETF" or the "Fund"); and
- a Sub-Advisory Agreement between the Adviser and Family Dynasty Advisers LLC ("Family Dynasty") with respect to the Tactical ETF (the Sub-Advisory Agreement together with the Advisory Agreement, referred to as the "Agreements").

Pursuant to Section 15 of the 1940 Act, the Agreements must be approved by the vote of a majority of the Trustees who are not parties to the Agreements or "interested persons" of any party thereto, as defined in the 1940 Act (the "Independent Trustees"), cast in person at a meeting called for the purpose of voting on such approval. In preparation for such meeting, the Board requested and reviewed a wide variety of information from the Adviser and Sub-Adviser.

In reaching its decision, the Board, including the Independent Trustees, considered all factors it believed relevant, including: (i) the nature, extent and quality of the services provided to the Fund's shareholders by the Adviser and Sub-Adviser; (ii) the costs of the services provided and the profits realized by the Adviser and Sub-Adviser from services to be provided to the Fund, including any fall-out benefits; (iii) comparative fee and expense data for the Fund in relation to other investment companies with similar investment objectives; (iv) the extent to which economies of scale would be realized as the Fund grows and whether the advisory fees for the Fund reflect these economies of scale for the benefit of the Fund; and (v) other financial benefits to the Adviser or Sub-Adviser and their affiliates resulting from services rendered to the Fund. The Board's review included written and oral information furnished to the Board prior to and at the meeting held on July 2, 2024, and meetings held on August 12 and August 13, 2024. Among other things, the Adviser and Sub-Adviser provided responses to a detailed series of questions, which included information about the Adviser's and Sub-Adviser's operations, service offerings, personnel, compliance program and financial condition. The Board then discussed the written and oral information that it received before the meeting, and the Adviser's oral presentations and any other information that the Board received at the meeting and deliberated on the renewal of the Agreements in light of this information.

The Independent Trustees were assisted throughout the contract review process by independent legal counsel. The Independent Trustees relied upon the advice of such counsel and their own business judgment in determining the material factors to be considered in evaluating the renewal of the Agreements, and the weight to be given to each such factor. The conclusions reached with respect to the Agreements were based on a comprehensive evaluation of

all the information provided and not any single factor. Moreover, each Trustee may have placed varying emphasis on particular factors in reaching conclusions with respect to the Fund. The Independent Trustees conferred amongst themselves and independent legal counsel in executive sessions both with and without representatives of management.

Nature, Extent and Quality of Services Provided. The Trustees considered the nature, extent and quality of services provided under the Advisory Agreement and Sub-Advisory Agreement. In considering the nature, extent and quality of the services provided by the Adviser and Sub-Adviser, the Board reviewed the Adviser's and Sub-Adviser's compliance infrastructure and its financial strength and resources. The Board also considered the experience of the personnel of the Adviser and Sub-Adviser working with ETFs. The Board also considered other services provided to the Fund by the Adviser and Sub-Adviser, such as selecting broker-dealers for executing portfolio transactions, monitoring adherence to the Fund's investment restrictions, and monitoring compliance with various Fund policies and procedures and with applicable securities regulations. Based on the factors above, as well as those discussed below, the Board concluded that it was satisfied with the nature, extent and quality of the services provided to the Fund by the Adviser and Sub-Adviser based on their experience, personnel, operations and resources.

Historical Performance. The Board considered the investment performance of the Fund. The Board noted the Fund's performance against its respective benchmark index. In this regard, the Board considered that the Fund was relatively new and had not been in operation for a sufficient time period to establish a meaningful track record. After considering all of the information, the Board concluded that the performance of the Fund was satisfactory.

Cost of Services Provided, Profitability and Economies of Scale. The Board reviewed the advisory fees for the Fund and compared them to the management fees and total operating expenses of its Peer Group. The Board noted that the comparisons to the total expense ratios were the most relevant comparisons, given the fact that the advisory fee for the Fund is a "unified fee."

The Board noted the importance of the fact that the advisory fee for the Fund is a "unified fee," meaning that the shareholders of the Fund pay no expenses except for interest charges on any borrowings, dividends and other expenses on securities sold short, taxes, brokerage commissions and other expenses incurred in placing orders for the purchase and sale of securities and other investment instruments, acquired fund fees and expenses, accrued deferred tax liability, distribution fees and expenses paid by the Fund under any distribution plan adopted pursuant to Rule 12b-1 under the 1940 Act, litigation expenses, non-routine or extraordinary expenses, and the unitary management fee payable to the Adviser. The Board also noted that the Adviser was responsible for compensating the Trust's other service providers and paying the Fund's other expenses (except as noted above) out of its own fees and resources.

The Board also evaluated, based on a profitability analysis prepared by the Adviser, the fees received by the Adviser and its affiliates from their relationship with the Fund, and concluded that while the Fund was profitable to the Adviser, the fees had not been, and currently were not, excessive, and the Adviser had adequate financial resources to support its services to the Fund from the revenues of its overall investment advisory business. The Board also reviewed the sub-advisory fee paid to the Sub-Adviser for its services under the Sub-Advisory Agreement. The Board considered this fee in light of the services the Sub-Adviser provides as investment sub-adviser to the Fund. The Board determined that the fee reflected an appropriate allocation of the advisory fee paid to the Adviser and Sub-Adviser given the work performed by each firm.

The Board also considered that Family Dynasty was acting as sponsor to the Tactical ETF, and had agreed to assume the payment of any fund expenses above the level of the unitary fee. The Board also considered that there are additional parties not named above who also share in the economic responsibilities for certain series of the Trust. The Board considered that pursuant to these arrangements, if fund expenses, including a payment to the Adviser of a certain amount, fall below the level of the unitary fee, the Adviser would pay any remaining portion of the unitary fee to the sponsor(s) out of its profits. The Board concluded that the sub-advisory fee for the Fund was reasonable in light of the services rendered.

The Board discussed that as the Fund was new, there were not yet any economies of scale to consider. The Board noted that the Adviser will review expenses as the Fund's assets grow. The Board determined to evaluate economies of scale on an ongoing basis.

The Board also considered that the sub-advisory fee paid to the Sub-Adviser is paid out of the Adviser's unified fee and represents an arm's-length negotiation between the Adviser and the Sub-Adviser. For these reasons, the Trustees determined that the profitability to the Sub-Adviser from its relationship with the Fund was not a material factor in their deliberations with respect to consideration of approval of the Sub-Advisory Agreement. The Board considered that, because the sub-advisory fee was paid by the Adviser out of its unified fee, any economies of scale would not benefit shareholders and, thus, were not relevant for the consideration of the approval of the respective sub-advisory fee.

Conclusion. No single factor was determinative to the decision of the Board. Based on the Board's deliberations and its evaluation of the information described above and such other matters as were deemed relevant, the Board, including the Independent Trustees, unanimously: (a) concluded that the terms of the Advisory Agreement and Sub-Advisory Agreement are fair and reasonable; (b) concluded that the Adviser's and Sub-Adviser's fees are reasonable in light of the services that the Adviser and Sub-Adviser provide to the Fund; and (c) agreed to approve renewal of the Advisory Agreement and Sub-Advisory Agreement for a term of one year.
